

Introducing an expanded service

Pat Meller joins the Market Savvy team!

If you are producing technical books and documentation, Pat offers her extensive experience as a scientist, technical writer, trainer, communicator, and developer of short- and long-term projects. In addition to her technical knowledge, Pat is skilled at presenting complex information accurately, clearly, and concisely.

What are your needs for high-quality written materials?

Computer Software

Quick Reference Guides
Reference Manuals
System Documentation
Training Manuals
User Manuals

Computer Hardware

Installation Manuals
Maintenance Manuals
Reference Manuals
User Manuals

Medical Equipment / Systems

Blood Bank
Cardiology
Pulmonary

ISO 9000

Procedures
Quality Manuals
Work Instructions

Available: Experienced writing, editing, and content review

Also available:

1. Audience evaluation and assessment of existing materials
2. Customized style guides and template development
3. Flowcharts and forms design

Each project is quoted on an individual basis and can be contracted on either an hourly rate of \$50 or a pre-determined bid. There is no charge for the first 20 minutes of an exploratory meeting by telephone.

Email [patmeller](mailto:patmeller@aol.com) "at" aol.com (Subject: Technical Writing) and Pat will contact you to discuss your needs
